

All Bushmen Use it

For Cleansing the Blood
it has no Equal.

We give below the portrait and testimonial
of Mr. Granger Ward of Brisbane, Queensland

"Some years ago while in America I had
fever and ague. It left me in a very weak
state and quite done up. I took some of Dr.
Ayer's Sarsaparilla and it soon put me to
rights and my strength returned. I can
sincerely recommend

AYER'S Sarsaparilla

to others. While in the bush of this country
I had an attack of scurvy but I soon got free
of this complaint by using the same remedy.
For cleansing the blood and for eruptions of
the skin I do not think it can be best. All
the bushmen use it."

For Constipation take Dr. Ayer's Pills. They
promptly relieve and cure. Take them
with Dr. Ayer's Sarsaparilla; one aids the other.

Circus This Week.

Willison's circus begins posi-
tively its last week in Honolulu
this evening and will play nightly
to the close. A tug-of-war series
by schoolboys will begin tonight.
Teams cannot be stated, as posi-
tions have to be tossed for. Sat-
urday evening's tug will be a
senior championship one. Last
week the Lewers & Cooke team
defeated the hitherto champions
of the Foundry, also the power-
ful H. Hackfeld & Co. team. The
Foundry men had a sick man,
however, and will try to wrest the
championship back from the L. &
C. team on Saturday evening. On
Thursday evening a sympathetic
benefit will be given to Mr. Wil-
lison the proprietor, at the in-
stance of influential city friends.
The choicest ring features will be
put on from evening to evening.
Altogether the last week promises
to be the best of all. Mr. Wil-
lison deserves good patronage for
his great enterprise in giving the
populace highly acceptable
amusement.

Tour of Inspection.

Last Tuesday, W. E. Rowell,
Superintendent of Public Works,
went to Kauai to fix the height of
the new Hanapepe bridge. He
inspected the work which has al-
ready been done in re-pairing the
damage done to the Lawai and
Hosaea road and found everything
progressing favorably. He re-
turned to Honolulu Thursday
morning and on Friday left again
for Waialua, where he went to
superintend fixing the location of
the new bridge to span Anahulu
stream. Mr. Rowell returned to
the city Saturday well pleased
with the progress made in the new
work.

Dr. Berger's Lecture.

A large attendance was present
at the lecture given by Dr. M. L.
Berger yesterday afternoon at the
Y. M. C. A. hall. The gentleman
is a very fluent talker and the
lecture was interesting and instruc-
tive. Those who are making a
study of the Holy Land find much
to be enjoyed in a talk by one
who has been there. A lesson by
word of mouth is much more use-
ful than studying one's subject
from a book where so much con-
straint is nearly always apparent.
In the evening Dr. Berger spoke
of Egypt and the Nile at the
Christian church.

Jubilee of P. M. G.

J. Mort Oat, Postmaster General,
reached the half century mark in
life on Saturday. He is hale and
hearty, the years making but
tardy impress on his appearance.
As a consequence of his jubilee
day, Mr. Oat wears a handsome
new gold watch and chain—a pri-
vate token of affection. The BUL-
LETTIN congratulates the P. M. G.,
who is a most faithful and effi-
cient public servant.

Conference on Cable Matters.

At the request of the Executive
a conference between Senators
Brown, Baldwin, Schmidt and
Wilcox, of the Special Cable
Committee, with the Cabinet was
held at an early hour this morn-
ing. It is understood that an
agreement was reached which will
result in the government with-
drawing any further opposition to
the bill.

Rapidly Disappearing.

The supply of the justly cele-
brated Seattle Bock Beer is rap-
idly disappearing in town. Lov-
ers of this nutritious spring bev-
erage can obtain it for a limited
time at the Criterion Saloon.

New Zealand cleared half a
million dollars on its railway sys-
tem last year.

SCHEDULE E IS DENOUNCED

Committee Would Throw It Overboard
in Favor of Income Tax.

Radical Changes Recommended in Postal
Bureau—Salaries Cut Down Here
and Raised There.

There was a full attendance in
the House this morning, but the
entire forenoon session was con-
sumed in hearing reports of com-
mittees and considering resolu-
tions.

Minister Cooper reported that
the President had signed certain
bills, which are mentioned in the
Senate report.

The Special Committee on the
rights of Eminent Domain re-
ported through Representative
Gear that they consider the pre-
sent bill not suitable to the pre-
sent needs, and they therefore
submit a substitute bill, the adop-
tion of which they strongly urge.
The substitute bill passed first
reading.

The Finance Committee, through
Representative Pogue, reported as
follows on the following bills:

House Bill 86, which grants the
Minister of Finance the privilege
of negotiating loans through over-
draft in sums not to exceed \$150,-
000 for the payment of current
accounts. The committee report
that heretofore the Minister of
Finance has always given his
personal note on occasions of this
kind, and that he ought to be
authorized to give his official note
on such occasions, and the com-
mittee therefore urge the adoption
of the bill.

House Bill 87, providing that the
receipts of the store maintained by
the Board of Health on the Leper
Settlement be deposited with the
Minister of Finance as a special
fund for the further maintenance
of such store. The committee is
strongly opposed to this idea of
carrying separate accounts or
special deposits, and therefore
urge that the bill be laid upon the
table.

Senate Bill 26, relating to what
is commonly known as Schedule
E. The committee report that
this has been a bone of great con-
tention in the past, and that in
their opinion the bill places en-
tirely too much power in the
hands of the assessors to assess
property just as they see fit, and
they urge the adoption of a sub-
stitute bill which they report will
repeal Schedule E from the pre-
sent tax system, and in its place
urge the adoption of an income tax
law, which in their opinion would
be more equitable and popular.
The substitute bill passed first
reading.

Senate Bill 5, known as the Ap-
propriation Bill. They reduce
the salaries provided in a number
of the departments, and urge slight
increases in other departments.
In the matter of the General Post
Office Department, the committee
urges that the Postmaster General
be relieved from the details of the
Honolulu Post Office, in order
that he may devote more time to
the betterment of the postal sys-

tem throughout the country, and
that the present secretary of the
Post Office assume the responsi-
bilities of the position of postmaster
in Honolulu. The committee re-
ports at length the results of their
recent investigation in each of the
departments of this bureau, and
they strongly urge that the Postal
Savings Bank, having grown to
such large proportions, be placed
directly under the Minister of Fi-
nance instead of the Postmaster
General.

Each of these reports was laid
on the table to be considered with
the respective bills to which they
refer.

The Committee on Foreign Re-
lations report that they approve
all the items of the appropriation
bill relating to the Department of
Foreign Affairs, excepting the
salary of the Clerk of the Execu-
tive Council which they reduce
from \$3000 to \$2400 for the biennial
period, and the salary of the mes-
senger for the Foreign De-
partment, which they reduce from
\$1200 to \$920.

A resolution by Representative
Kaai caused considerable discus-
sion. It was to the effect that the
Committee on Public Improve-
ments immediately confer with
Superintendent Rowell to ascer-
tain the amount of money which
will be necessary for laying water
pipes from Kapala in Lihia Val-
ley, Island of Maui, and that said
committee report on this resolu-
tion not later than the 18th of the
present month. The committee
were opposed to having dictations
made to them in this manner, and
stated that they would not be able
to get the desired information
from Mr. Rowell. The resolution
was finally adopted.

CIRCUIT COURT.

Freedom of the Press is Sustained by
a Jury.

The libel case against Edmund
Norrie came to an end Saturday
last in the acquittal of the de-
fendant. Before the case went to
the jury the case of W. Horace
Wright, associate editor of the
Independent, was withdrawn by
the prosecution. The defendant's
case was submitted on the evi-
dence, no argument being made
by his attorneys. Mr. Kinney
for the prosecution made a strong
argument for conviction. The
jury took the case under consid-
eration after being charged by
Judge Perry. They returned a
verdict of not guilty after deliber-
ating eight minutes. The jury
stood ten for acquittal and two
for conviction. The talesmen
were: Fred Philp, Geo. W.
Farr, Chas. E. Frasher, L. Mc-
Grew, C. M. V. Foster, E. Ham-
mer, C. L. Clement, H. Gehring,
R. W. Cathcart, L. C. Ables, C.
Charlock, Chas. Ramsay.

Cricket.

Two picked eleven of the
Cricket Club played an exciting
game last Saturday at the old
baseball grounds. One team was
captained by A. St. M. Mackin-
tosh and the other by H. L. Her-
bert. The first team won, 48 to
26. The only double figures made
were by H. L. Herbert and S. P.
Woods, who made 12 runs each.
There will be practice Wednesday
at the British Commissioner's.

FATAL ACCIDENT ON MAUI

Excellent Coach Service Established Be-
tween Lahaina and Wailuku.

Rich Sugar Prospects at Lahaina—New Pump-
ing Plant—The Kopkes Come
to Oahu.

A Japanese on the Lahaina
plantation was run over by a
truck and killed instantly. The
car on which he rode became un-
linked from the train and he at-
tempted to draw the detached car
up to the receding train by his
muscular force alone. He failed,
was dragged from the car on
which he stood and fell between,
being run over by the two last
cars and his neck dislocated. A
coroner's jury found "accidental
death resulting from his own
carelessness."

A stage line is now plying
regularly between Lahaina and
Wailuku. The price is reason-
able and it should receive liberal
patronage. No person could ob-
ject to paying 10 cents a mile,
which is the charge made. Many
will prefer driving to Wailuku to
taking steamer direct to Maalaea
Bay, which has a notoriously
poor landing. Land by daylight
at Lahaina and \$2.50 will see you in
Wailuku by means of a "coach" and
four." Lao Stable Co. of Wailuku
has instituted this venture and we
trust it will succeed. The moun-
tain road is in superb condition.

Mr. and Mrs. Kopke and family
have left Lahaina. Social and
family circles sincerely regret
their departure and warm wishes
go with them to their new home.
Mr. Kopke resigned his post as
engineer on the Lahaina planta-
tion to accept a more responsible
position at the new Oahu planta-
tion.

The past season has been a suc-
cessful one with the Pioneer Mill
Co., Ltd., and the mill still con-
tinues grinding No. 1 cane.

The new pumping station at
Kaanapali is not fully set up yet,
as the last auxiliary pump is but
only just arrived. One large
pump and one auxiliary, smaller,
have been worked at low duty,
giving satisfaction. At high duty
the large one raised some objec-
tion, however, to being governed
until certain adjustments have
been made, which will not take
long. Hundreds of acres of vir-
gin soil are prepared for planting,
and when the pumps begin to work
in earnest, what a tremendous in-
crease in sugar yield! Few realize
that in the near future Lahaina
plantation will be one of the
largest concerns in the islands. A
new nine-roller mill will be set
up for next year's work, and the
acreage under cultivation be vast-
ly increased.

Tennis.

There is to be an invitation
tennis tournament at the P. T. C.
this afternoon. Those interested
in tennis are cordially invited.
Members from the Britannia and
Pacific clubs will compete and
also Mr. Tom Driscoll, Califor-
nia's "crack" player. The games
will begin at 3:15.
